## (57) Statement of Monopoly

It is claimed in the shape and configuration of a container as illustrated in the accompanying representations. The features of shape and configuration of the inside of the container and of component parts of the container which are only visible when the container is opened do not form part of the design and are disregarded in considering the extent of the monopoly.

## Statement of Novelty

Novelty of the design resides in the provision of a generally rectangular member approximately mid-way along the length of the concave recess provided in the edge of the container.
